Abdul Basit Mahmood
Software Engineer

As a passionate B.Tech. student, I bring strong expertise in programming languages and web development. My proficiency in Python, Java, C, C++, and web development technologies like JavaScript, Node.js, React, etc. sets me apart. With a knack for problem-solving and a relentless drive for innovation, I am eager to contribute fresh perspectives and cutting-edge solutions to your team. Let's create something extraordinary together!
